Hi all,

I wanted to write to keep you in the loop on all of this..

Duane Short (Business Dept Chair) and Wesley Lundburg (Miramar College President) chased after and initiated a false pretenses stop of a disabled professor reporting for office hours and a meeting with the President at 4 PM on May 13, 2024. They have barred the professor from entering Miramar's campus and labeled the disabled as a "threat".

The video really shows nothing, and you make assertions without any context. It's hard to feel one way or another about this

This post is in no way either informative or helping to keep anyone in the loop. There doesn't even seem to be a loop. The OP only links to a YouTube video they themselves created, and then makes claims about an incident that has absolutely no supporting evidence. There's not even a mention of who this alleged professor's name is.

I assumed it was the OP himself.

If I'm reading this right, the OP is talking about himself in the third person. I find that a bit odd.

As a past Prof at Miramar and City I can tell you that they will remove employees for ANY perceived threat, no matter who is making the accusation. It is anything to avoid this kind of publicity in this district.
